

## Empower your financial future with a credit union

### *International Credit Union Day!*

On October 20, 2022, Kansas Blue Cross Blue Shield Credit Union will join over 56,000 credit unions around the world to celebrate International Credit Union (ICU) Day®. The theme of ICU Day 2022 is “Empower Your Financial Future with a Credit Union.”

ICU Day highlights the many ways credit unions across the world help members improve their financial health and well-being. Credit unions were built on the principle

of “people helping people.” We’ve seen that philosophy in action for more than 100 years, with credit unions providing access to affordable financial products and striving to meet the needs of underserved communities.

Kansas Blue Cross Blue Shield Credit Union is honored to be a part of this proud tradition. Members are invited to visit the main office located at 1010 SW Tyler (Bldg. N) and celebrate this day. CU staff looks forward to greeting you and bringing the popcorn popper out of storage. 2023 calendars will also be available.

### Important dates

Oct. 20 – International Credit Union Day

Nov. 24 & 25 – Closed for Thanksgiving

Dec. 23 & 26 – Closed for Christmas

Jan. 2, 2023 – Closed for New Years

## One out of three credit reports have errors. Does yours?

Did you know one out of three credit reports have errors? More than one-third of consumers have found at least one error on their credit report. Are you one of them?

Errors on credit reports are not uncommon, so staying up to date and reviewing your credit report is a must. We have a credit score solution that is not only FREE for you, our members, but offers a variety of benefits to you including a download of your credit report. You can review your credit report anytime, anywhere.

Mistakes on your credit report can impact your score and your borrowing power. Some of the common errors found on credit reports are:

- Personal information errors such as wrong name or address.
- Account errors such as credit accounts that consumers did not recognize as being theirs.

With our credit score solution, CreditSense, not only can you download and review your free credit report for errors, but you can also dispute any errors you might see right within the tool. You can check your credit score daily without any impact to score, receive real time credit monitoring alerts and learn about the factors that make up your credit score. Finally, you can also give our credit score simulator a spin and see how your current score would change based on a variety of different actions or events.

If you do not check your credit report, you will never know if it has errors. Do not let the likelihood of errors result in an impact to your credit score or higher interest rates and loan payments.

Enroll now and check your credit report today! Log in to Virtual Branch and click the graphic on the right side of the overview screen, under the Recent Transactions box.
